5. Problem Statement.....	3
6. Expected Output	3
7. Approximate Time to Complete Task	3

1. Introduction

This assignment will test your skills on JavaScript concepts learnt in the class.

2. Objective

Get the brief knowledge of JavaScript DOM & Events.

3. Prerequisites

Not Applicable.

4. Associated Data Files

There is no associated data files for this assignments.

5. Problem Statement

Write a HTML page holding a form and a text field. Using JavaScript make the text field to accept numbers only. When a non-number character is entered through the keyboard (or by any other way), make the field red for a while and do not accept the change (preserve the previous value of the field).

6. Expected Output

7. Approximate Time to Complete Task

30 mins
