

Session 2: HTML

Assignment

ACADGILD

Session 2: HTML

Assignment – Design a HTML page having ordered and unordered list of items.

Table of Contents

1. Introduction	3
2. Objective	3
3. Prerequisites	3
4. Associated Data Files	3
5. Problem Statement.....	3
6. Expected Output	3
7. Approximate Time to Complete Task	3

1. Introduction

This assignment will test your skills on HTML Basics learnt in the class.

2. Objective

This assignment will help you to master the following concepts:

- HTML Tags

3. Prerequisites

Not applicable.

4. Associated Data Files

Not applicable.

5. Problem Statement

Design a HTML page having ordered and unordered list of items.

6. Expected Output

Scrambled Eggs

Eggs are one of my favorite foods. Here is a recipe for deliciously rich scrambled eggs.

Ingredients

- 2 eggs
- 1tbs butter
- 2tbs cream

Method

1. Melt butter in a frying pan over a medium heat
2. Gently mix the eggs and cream in a bowl
3. Once butter has melted add cream and eggs
4. Using a spatula fold the eggs from the edge of the pan to the center every 20 seconds (as if you are making an omelette)
5. When the eggs are still moist remove from the heat (it will continue to cook on the plate until served)

7. Approximate Time to Complete Task

30 mins
